

Underground Inspector

GrandBridge Energy Inc. is guided by a vision to be a leader in energy transformation and driven by a mission to bridge communities to the energy future. GrandBridge Energy delivers safe and reliable electricity to 111,000 customers in the City of Brantford, the City of Cambridge, the Township of North Dumfries, and the County of Brant. Our talented employees fulfil our mission to help our communities bridge the transition towards an evolving and dynamic energy future. Our values are the principles and beliefs that guide our operations.

GrandBridge Energy is recruiting for a Temporary Underground Inspector (12 month) in our Engineering Services Department at our South Office in Brantford.

Major Responsibilities:

- Ensure developer installed subdivision supplied materials and installation methods meet GrandBridge Energy's specifications and perform on-site inspections to ensure compliance.
- Inspect electrical facilities and equipment which is being placed for the GrandBridge Energy Underground General Tender.
- Inspect secondary services being placed under the GrandBridge Energy Secondary Service Tender.
- Provide "as built by contractor" drawings when work is completed on all underground jobs.
- Perform final inspections and follow up on repairs/maintenance required on developer installed electrical plants, once they are energized, to commence the warranty period.
- Perform Final Acceptance Inspection at the end of the warranty period on developer installed electrical plants and follow up on repairs/maintenance.
- Inspect commercial and industrial electrical plants being placed by the developer.
- Initiate and ensure GrandBridge Energy's Underground General Tender jobs are completed within the specified time outlined in the tender.
- Ensure GrandBridge Energy's secondary services placed under the Secondary Services Tender are completed within the specified time outlined in the tender.
- Obtain work permits from Municipalities for all underground jobs that require work on road allowances.
- Determine from field measurements, the actual cost of work for billing and joint-use cost sharing on jobs carried out under the GrandBridge Energy's Underground General Tender.
- Prepare invoices, check for accuracy, and assign to appropriate work order.
- Liaison with GrandBridge Energy's staff and consulting engineers for phasing, construction schedules, etc. for developer installed subdivisions.
- Perform on-site inspections prior to the installations of the developer installed electrical plants and the secondary services. Give contractor approval to commence installation, if and when acceptable.
- Enforce GrandBridge Energy's safety practices on job sites with respect to traffic and personnel.
- Contribute to a positive workplace culture by fostering collaboration, maintaining a positive attitude, supporting our customers, and contributing to a respectful and inclusive environment.

The successful candidate will have minimum of a community college diploma as an Engineering Technician and be a member of the Ontario Association of Certified Engineering Technician and Technologists (C. Tech or C.E.T). We are looking for an individual who fully understands all aspects of specifications regarding underground inspection, with three years of Utility experience or related experience as an Underground Inspector. A valid "G" license in good standing is required. The ideal candidate has the ability to work independently and with others and is physically fit to work outdoors in all weather conditions.

We offer an excellent working environment, career path exploration and development opportunities, a comprehensive total rewards package, and opportunities to get involved with teams and charitable events that support and make a difference in our community. To become a member of our team, please forward your resume by **February 21, 2024** to careers@grandbridgeenergy.com. When applying for the position, please quote "**Underground Inspector**" in the subject line.
