

Design Technologist

GrandBridge Energy Inc. is guided by a vision to be a leader in energy transformation and driven by a mission to bridge communities to the energy future. GrandBridge Energy delivers safe and reliable electricity to 111,000 customers in the City of Brantford, the City of Cambridge, the Township of North Dumfries, and the County of Brant. Our talented employees fulfil our mission to help our communities bridge the transition towards an evolving and dynamic energy future. Our values are the principles and beliefs that guide our operations.

GrandBridge Energy is looking for a Design Technologist to join our growing team. This union role will report to our office in Brantford at 150 Savannah Oaks Drive.

Major Job Duties & Responsibilities:

- Design of overhead and underground projects, preparation and issuing of work orders, detailed estimates, and material lists in QUADRA estimating tool.
- Preparation of distribution standards, specifications, and evaluation of tenders.
- Complete engineering analysis of the electrical distribution system using AutoCAD, PLS-CADD and Or SPIDACalc Engineering Software.
- Assist with residential and commercial service layout requests.
- Coordinate with third party consultants to ensure project timelines are met.
- Contribute to a positive workplace culture by fostering collaboration, maintaining a positive attitude, supporting our customers, and contributing to a respectful and inclusive environment.
- Providing coverage to Engineering Technicians and Underground Inspectors during periods of vacation or peak activity.

Qualifications:

- Post-Secondary diploma as an Engineering Technologist.
- Eligible to obtain C. Tech. or C.E.T. designation within one year of employment date.
- Minimum three years' experience with an electrical utility, sound knowledge of electrical distribution systems, street light design and distribution standards.
- A valid Class 'G' driver's license.
- Proficient with the latest AutoCAD, and Microsoft Office Products including Excel and Word.
- Excellent interpersonal and communications skills, including the ability to interact with all levels of staff and management.
- Demonstrated ability to make sound judgements and adapt to change.
- Proven time management skills and a demonstrated ability to manage projects within tight timelines.

We offer an excellent working environment, career path exploration and development opportunities, a comprehensive total rewards package, and opportunities to get involved with teams and charitable events that support and make a difference in our community. To become a member of our team, please forward your resume by **April 22, 2024**, to careers@grandbridgeenergy.com. When applying for the position, please quote "**Design Technologist**" in the subject line.
