

Design Technologist/ Engineering Technician

Who We Are:

GrandBridge Energy Inc. is a pioneering force in the realm of energy transformation, with a clear vision to lead the way. Our mission is to connect communities with the energy of the future. We are proud to provide safe, reliable electricity to over 113,000 customers across the City of Brantford, the City of Cambridge, the Township of North Dumfries, and the County of Brant. Our team of dedicated professionals are committed to helping our communities navigate the transition towards a dynamic and evolving energy landscape. The principles and beliefs that guide our operations are deeply rooted in our values. Join us in our mission to shape the future of energy.

What We Offer:

- Competitive Salary: \$42.51 to \$46.91/ \$38.89 - \$42.91
- Employer Benefits Package
- OMERS Pension Plan
- Training and Educational Reimbursement Programs
- Professional Development & Career Opportunities
- Wellness Resources & Healthy Lifestyle Incentives
- Employee and Family Assistance Program
- Enhanced holidays, vacation days, and paid sick leave.
- Paid Time Off for Medical and Dental appointments
- Opportunities for Community Involvement
- Hybrid work available reporting to either our Cambridge or Brantford location

What You Will do:

Major Responsibilities:

- Design of overhead and underground projects, preparation and issuing of work orders, detailed estimates, and material lists in QUADRA estimating tool.
- Preparation of distribution standards, specifications, and evaluation of tenders.
- Complete engineering analysis of the electrical distribution system using AutoCAD, PLS-CADD and Or SPIDACalc Engineering Software.
- Assist with residential and commercial service layout requests.
- Coordinate with third party consultants to ensure project timelines are met.
- Contribute to a positive workplace culture by fostering collaboration, maintaining a positive attitude, supporting our customers, and contributing to a respectful and inclusive environment.
- Providing coverage to Engineering Technicians and Underground Inspectors during periods of vacation or peak activity.

What You Will Bring:

- Post-Secondary diploma as an Engineering Technologist.
- Eligible to obtain C. Tech. or C.E.T. designation within one year of employment date.
- Minimum three years' experience with an electrical utility, sound knowledge of electrical distribution systems, street light design and distribution standards.
- A valid Class 'G' driver's license.
- Proficient with the latest AutoCAD, and Microsoft Office Products including Excel and Word.
- Excellent interpersonal and communications skills, including the ability to interact with all levels of staff and management.
- Demonstrated ability to make sound judgements and adapt to change.
- Proven time management skills and a demonstrated ability to manage projects within tight timelines.
